

2013 Stillwater Educational Canoe Float

Come out and enjoy a day on the scenic Stillwater River on June 7, 2013. The Darke and Miami Soil and Water Conservation Districts, along with the Stillwater Watershed Project and the Park Districts of Darke and Miami Counties, are teaming up to provide an educational and fun trip covering a little over three miles on one of Ohio's most scenic rivers, the Stillwater. Over the course of the float you hear from the Darke County Park District on stream quality monitoring and the Ohio Department of Natural Resources, Division of Wildlife on electric fish shocking. Along the way there will be some hands on identification activities as well as a lunch stop on the Stillwater Beach. This is a great way to understand the importance and beauty of our state's scenic rivers. Reserve your canoe now for a day of sun, fun and learning on the Stillwater River!

This year's float will begin at the Webster United Methodist Church at 9:00am and end at Bradford-Bloomer Road around 3:00pm. The cost to participate is just \$5.00 per person, which covers your lunch expense. This event is not recommended for those with health problems.

Reserve your spot today by calling the Darke SWCD office at 937.548.1715, extension 3. Space is limited and registrations will be taken on a first come, first served basis. Your registration fee (\$5.00) is required in advance to reserve your spot on the float. Don't miss out on one of this summer's finest, and cheapest, events on the scenic Stillwater River.

Registrations will be accepted until June 3rd or trip is full, whichever happens first. For more information regarding the canoe float please contact Greg McGlinch.
